CHARLES SPENCER CHAPLIN

June 11, 1937

Dear Lewis:

Just a line to tell you how impressed I was with your radio address of a few days ago. It was the first of your talks I had heard, although several people have told me that you were now quite a radio celebrity. You certainly have all the requisites for it. Apart from having a lot of good common sense, your material was good entertainment. Let's have some more of it.

Yours ever,

*Charles Chaplin*
